

Call for Expressions of Interest: Establishment of Specialist Legal Advice Outreach Clinics for Children and Young People

The Children's Rights Alliance unites over 100 members working together to make Ireland one of the best places in the world to be a child.

Overview

The Children's Rights Alliance has secured funding to establish a new Access to Justice Initiative. The Initiative will implement a legal information strategy on children and young people's legal entitlements and promote access to child-friendly justice in civil, criminal and administrative proceedings. A central part of the Initiative will be the establishment of specialist legal advice outreach clinics for children and young people.

The Children's Rights Alliance is now seeking expressions of interest from established law centres in Ireland with qualified legal practitioners to take part in a tender process to establish specialist legal advice outreach clinics for children and young people.

How to apply

Expressions of interest to participate in the tender process should be submitted to jobs@childrensrights.ie by close of business on Friday 22 December 2017.

The tender process will commence in January with the service to commence in April/May 2018.
